March 11, 2019

To All our Commercial and Homeowner Customers,

I would like to introduce myself as the new Sales Manager and Estimator at Woodard's Concrete Products, Inc.

Some of you may know me from the past from different positions I have been involved with. I have been in the building industry for 10 years in the field working for general contractors and 30+ years in the supply end. My new venture with Woodard's allows me to be part of a team which has served the community for many years. My past experience with Agway for 15 years, Rowley Building Products and Pro-build for 26 years, and Seekamp Lumber for 2 years has given me vast experience and knowledge in providing quality and service to all phases of this industry.

My new contact information is listed below. I look forward to the opportunity of meeting you and working with you on your future projects and needs.

Thank you,

Vic Napolitano

Sales Manager
